## B - WELL DATA BASE, WELL REPORTS AND WELL LOGS

### WELL DATA BASE

Compiled Data Base of 191 Onshore Exploration Wells which includes the originally reported coordinates, well stratigraphy, spud dates and status etc...

There is an addendum of additional information on some of the old SINCLAIR wells namely Cafecongombe-1, Perfect Lady-1, Portella do Inferno-1, Quitonga-3 and zone of Praia Mussongo.

### WELL REPORTS, COMPOSITE LOGS & SYNTHETIC LOGS

8 wells have been selected for their strategic importance in terms of their exploration objectives, results and the fact they are situated on, or close to the selected seismic lines listed in A.
